AUSTRALIA FAIR – The Big Adventure

I am pleased to write in support of the Australia Fair Foundation and “Australia Fair – The Big Adventure”, which will take place in Utrecht on Saturday March 28.

This will be the third Australia Fair and promises to have something for everyone. This community based voluntary organisation donates the proceeds from these events to worthwhile causes and, on this occasion, together with the Royal Flying Doctor Service of Australia, is establishing an education fund for aboriginal children which will be launched in Wilcannia.

Visitors can look forward to events including a record attempt at Didgeridoo playing, a ‘Down Under’ garage sale, an Australian based dance group - the Melbourne Shuffles, a prominent Aboriginal Didgeridoo player - Graham Clarke, and the Boomerang Man, Fedde Engwerda, to name but a few. There will also be a great many other activities including documentary films, Australian catering and a variety of activities for the children.

I encourage your involvement in the third Australia Fair – The Big Adventure, and urge you to do whatever you can to assist the organisers in making this event a success.

Yours sincerely

A handwritten signature in black ink that reads "Lydia Morton".
